

SHADA MOI

MOTIVATED SINGER AND DETERMINED STUDENT

✉ shadamoi.official@gmail.com

career objective

I started singing at the age of 8, but it has been a hobby until I decided to compete in the Italian talent show "The coach", in 2020, reaching the semi-finals; there, I met the person who introduced me to my first Vocal coach Dave Brambilla. I studied with him for 3 years while collaborating with Christian Stefano and Dario Iaculli (The Kolors bassist) to create new music. I also started writing my own lyrics and then attended the Artist School - "Accademia 09" in Milan (2021-22). During the last year I started several collaborations with artists such as Paolo Spatarini and the team of MH Production, a minor music label; this allowed me to produce two more songs yet to be released. Free from signed contracts, I learned so much about the Italian music scene and the process of making music, and now I am aware of what genre, mood, sound, rhythm fit me best.

As a High school student I've always been very interested in biology and overall curious. During the middle school years, my aptitude for mathematics brought me to the semi-finals of Bocconi's (University in Milan) International Mathematics Competitions - twice. The school average I got last year, allowed me to obtain maximum credits and live a 1 week long stay at the Ghislieri Merit College, among other university students. I have also been selected to attend a Game Theory course offered by the University - Politecnico di Milano.

I am highly motivated and ambitious, therefore I always put a lot of effort into everything I do.

skills

- Work oriented
- Analytical skills
- Determined
- Improvisation skills
- Piano Lessons
- Adaptability and flexibility
- Predisposition for professional growth
- Attentive to detail
- Few years of experience as a classic dancer
